SEAT Contract Hire Driver/Hirer: Key Information Responsibilities

If you want fixed monthly repayments that are really affordable, without the additional expenses that come with owning a vehicle, SEAT Contract Hire offers the best of both worlds. It is essential that you fully understand exactly what SEAT Contract Hire can do for you and what your responsibilities are under its terms and conditions.

Servicing

Ensure the vehicle is serviced in accordance with the manufacturer's recommended intervals by an authorised SEAT Dealer. You are responsible for any damage not deemed to be fair wear and tear.

Tyres

Replace any worn or damaged tyres with the same factory specification as originally supplied with the vehicle. You must ensure that you replace tyres with the correct size and speed ratings. **Do not mix tyres on an axle, or at all on 4 wheel drive vehicles.** Keep pressures in line with the manufacturer's recommendations to avoid damage and additional wear.

Ending your agreement early

To end this contract early and return the vehicle, early termination charges apply.
Early termination of this agreement can be expensive.

Fitting of non-standard equipment

Before fitting non standard equipment, written approval from SEAT Finance is required. This includes fitment of SEAT accessories.

End of contract

Vehicle handover

At the end of the contract, you are required to hand the vehicle back to Volkswagen Financial Services. There is no option to own this vehicle during or at the end of contract.

Documentation

Return items required with the vehicle in the hand over. These items include: the manufacturer's service book, spare key/s, driver handbook and satellite navigation disc (where applicable). Charges apply when any of these items are missing.

Vehicle condition

At the end of the contract you will be required to make the vehicle available for an end of contract inspection by a Volkswagen Financial Services approved inspector. On completion you need to sign a formal report on the condition of the vehicle. If it has sustained any damage beyond BVRLA fair wear and tear standards, charges will apply.

Mileage

Excess mileage charges apply for each mile covered by the vehicle over the pre agreed annual mileage or the maximum total mileage as per the agreement.
